

WILL ADJOURN DECEMBER 21

Congress to Take Two Weeks' Vacation

AND RESUME JANUARY 4

Panama Is Desirous of Settling the Costa Rica Dispute—White Slave Bill Is to Be Taken Up To-day.

Washington, D. C., Dec. 13.—Congress will adjourn for the holidays on Tuesday, the 21st, and the Christmas recess will continue for two weeks, terminating on Tuesday, January 4. There has been some pressure for an adjournment on Saturday the 13th, but Chairman Tamm of the House committee on appropriations has made such a strong plea for an opportunity to get the appropriation legislation started in the house that the ways and means committee has decided to defer the adjournment long enough to accommodate him in that respect. Chairman Payne of the ways and means committee, who is authority for the statement as to the beginning and ending of the recess, said yesterday that it was desirable to get the appropriation bills under way as soon as possible, and he expressed the opinion that congressmen could very well afford to lose a day or two from their vacation if there was a prospect of having some of the supply measures disposed of. There is no doubt that the senate will concur in any action that the house may take.

The Panama Canal Act. The sweeping change in the administrative workings of the Panama canal proposed in the Mann bill to provide for the government of the canal zone and the construction of the Panama canal, was discussed by the house committee on interstate and foreign commerce Saturday, and it was ordered favorably reported to the house. The report will be made by Chairman Mann, the author of the measure, who will endeavor to have it called up for action by the house on Wednesday. The act, under its own direction, will be known as the Panama canal act. Several of the democratic members of the committee expressed an intention to file a minority report on the measure.

Fuller to Arbitrate in Costa Rican Dispute.

A dispatch received at the state department from Panama clearly indicates that the government of Panama is genuinely desirous of settling the Costa Rica dispute, and will give its representatives full power for the submission of the issues involved in a protocol of arbitration. Chief Justice Fuller of the United States supreme court has been selected to act as arbitrator in this matter.

White Slave Traffic Bill. The white slave traffic bill introduced by Representative Mann, chairman of the house committee on interstate and foreign commerce, will be taken up by that committee to-day. The committee is so pressed Saturday. The intention is to press the measure, and its advocates expect its passage by both houses of Congress. The Mann bill is designed to prevent the transportation in interstate and foreign commerce of alien women and girls for immoral purposes.

They Injure Children

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicines should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently health-destroying and a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient, which is odorless, tasteless and colorless. As an active agent, it embraces the valuable qualities of the best known intestinal regulator tonics. Rexall Orderlies are eaten like candy. They are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regular tonic upon the relaxed muscular coat of the bowel, and the dry mucous lining; remove irritation, overcome weakness, tone and strengthen the nerves and muscles and restore the bowels and associated organs to more vigorous and healthy activity.

Rexall Orderlies completely relieve constipation, except when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no medicine for this purpose so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form, in two sizes of packages: 12 tablets 10 cents, and 24 tablets 25 cents. Remember, you can obtain Rexall Orderlies in Barre only at our store—The Rexall Store. Red Cross Pharmacy, Bart H. Wells, proprietor.

Dyspeptics

Stomach Trouble, Sour Stomach, Heartburn, Nausea, Wind in the Stomach, Bloating, Sleeplessness arising from indigestion, all disappear with Dyspepsia. They are caused by the best digestive, carminative and correctives, and are agreeable and economical. Put up in three sizes, 10c, 25c and 50c. Sold by all druggists, and sent promptly by mail on receipt of price by C. F. HODGINS CO., Mfg. Chemists, Lowell, Mass. It Made by Hood's Food.

FEWER WHITE HOUSE GUESTS; MORE TO EAT

Reforms Planned by Mrs. Taft for the Coming Social Season at Executive Mansion.

Washington, Dec. 13.—The season's social program at the White House, now practically complete, shows decided innovations, which reflect the personal tastes of Mrs. Taft. Although still feeling the effects of the nervous breakdown of the summer, Mrs. Taft is superintending all the arrangements.

Striking innovations will be the fewer number of those invited and the serving of refreshments, which during the past twenty years has been practically obsolete at the White House. The decreased invitation list is due to Mrs. Taft's desire to make the White House receptions more significant, more distinctive and more of a personal honor. The reform will be effected by limiting the number of receptions to which persons may be invited, rather than by eliminating anyone. Only a few persons in official life will be invited to more than one of the state receptions, and, in unofficial society, few, if any, will be asked oftener than once. In former administrations, many persons obtained invitations to all four receptions.

KILLS INTENDED BRIDE, TAKES HIS OWN LIFE

Peter Hoppan Had Quarrelled with Miss Setka Over \$150 He Lent Her.

New York, Dec. 13.—Peter Hoppan shot and killed Ottilia Setka, his sweetheart, in her room at No. 58 Second street, Passaic, N. J., Saturday night and then killed himself. The couple were to have been married next week. Hoppan's action is thought to have been due to money matters and to the woman's threat that she would not marry him. He lent her \$150 recently and Saturday night asked her to return it, as he had to meet certain obligations. She told him she had spent the money on her wedding gown and in buying articles for their home. This did not please Hoppan, who grieved over the expenditure. His victim's sister, Mrs. Mary Ritberger, was in the room when the two were talking over the money, but was called out. She brought her back, and she found the couple lying near each other dead. Miss Setka was a dressmaker in comfortable circumstances, Hoppan lived in Garfield.

REPORT TOO PREVIOUS.

Battle at Rama Not Commenced Says General Estrada.

New Orleans, Dec. 13.—The following cable has been received here from General Estrada, commanding insurgent forces at Rama, Nicaragua—"Battle at Rama has not yet been commenced. The army of the enemy is two days from Rama. All reports of the triumph of Zelaya false. Soon as I expect battle, will inform you. We are sure of complete victory. (Estrada)"

Council General Susmann was at no time uneasy over the reports of the flanking of the army of Chamorra at Rama. He said as soon as he saw the news it was impossible. Rama is surrounded by swamps that are impassable. Zelaya's army could not have come around the place by any means if, such had been the case, it is not possible that such an important turn in the affairs of the revolution could have happened without some cable advice being received.

TANGLED TALE OF LOVE.

Man Gets Verdict for Buying Trouser and She Sues Him for \$25,000.

Lawrence, Ga., Dec. 13.—James L. Moore, a wealthy merchant of this city, was awarded \$10,000 damages against Miss Lillie Berryman Saturday that being the value of the trousers that Moore bought after the girl had agreed to marry him. Moore claimed that as soon as the girl got the trousers, she refused to marry him, alleging that he was too old. Moore introduced a contract signed by Miss Berryman, and the jury returned a verdict. Miss Berryman claimed that Moore was the cause of her breaking the contract, because he fell in love with another girl to whom he is now married. Miss Berryman is suing Moore for \$25,000 for breach of promise.

CLARKE AND RUTT WON.

But Were Far Behind the Record for Six Day Bicycling.

New York, Dec. 13.—Many miles behind the record breaking mark of last year, but leading by the one lap that made the win a hollow victory in the grand of nearly 2700 miles, Jack Clarke and Arthur Rutland crossed the mark at Madison Square garden at 9:55 o'clock Saturday night, thus making the team of Rutland and Clarke winners in the 17th international six-day bicycle race. The distance covered was 2600 miles 1 lap, against 2737 miles 1 lap, the prevailing record.

PROBABLY ACCIDENTAL.

Willis Merrill of Thornton, N. H., Was Killed by Shooting.

Thornton, N. H., Dec. 13.—Willis Merrill, the 13-year-old son of William Merrill, a wealthy farmer of this place, was shot over the heart and through the shoulder, shortly before dark last night. The shooting was probably accidental, and it is possible that he may have done it himself, although he may have been mistaken for a reason, as the season for those animals in the northern counties of New Hampshire is now on.

BLERIOT HURT IN FLIGHT

Monoplane Driven Against Roof of House

HE MAY BE BADLY HURT AND RODE IN FREIGHT CAR

Flying Machine Turned Over, and Was Much Damaged During Flight in Constantinople Yesterday Afternoon.

Constantinople, Dec. 13.—Bleriot, the French aviator, attempted to make a flight in his monoplane yesterday afternoon, but the attempt ended in disaster. The weather was boisterous, but an immense gathering of people invaded the flying ground, and this increased Bleriot's difficulties. Nevertheless, he rose well and had reached a height of sixty feet, when a squall caught him as he was turning, and, after a desperate struggle on Bleriot's part, the monoplane was driven against the roof of a house.

The machine turned over, and Bleriot fell twenty feet. He was severely bruised and shaken, and one of his wrists was sprained, while it is feared he is hurt internally. He was escorted to the French hospital by a detachment of cavalry and a sympathizing crowd. The monoplane was much damaged.

NEW AEROPLANE INVENTOR.

Wallace E. Tillinghast's Machine Is Capable of 120 Miles an Hour.

Worcester, Mass., Dec. 13.—The Telegram published the following yesterday: "Wallace E. Tillinghast, vice-president of the Sure Seal Mfg. Co., has invented, built and tested what he says is an aeroplane, capable of weight limit of 200 pounds each, a distance of 300 miles without stop, at the rate of 120 miles per hour."

Tillinghast states that he has gone in his aeroplane to the statue of Liberty, then to Boston, and back to the starting point, without alighting. He says that when near Fire Island one cylinder of the flyer ran circular, so that the motor stopped with the machine 4,000 feet in the air, and sailed 40 minutes, while two mechanics repaired in midair, the engine being started again when the aeroplane was near enough to land to be seen by the life-saving crew.

NINE FROZEN BODIES TELL TERRIBLE TALE

Fate of Ferry Boat Crew Had Been in Doubt Until Discovery of the Bodies Yesterday, Were Frozen in a Heap.

Eric, Pa., Dec. 13.—The last doubt concerning the fate of the Bessemer and Marquette car ferry No. 2, was removed yesterday when the Com. Perry towed the car ferry's life boat containing nine dead bodies into port, all frozen stiff.

Joseph Shenk of the Conneaut was the first to succumb, while the others of the crew huddled on top and about Shenk and were frozen in that position. The faces of some were bruised and cut, apparently due to efforts to keep up circulation.

GOLDWIN SMITH ON ANNEKATION

Thinks There Will Be "Voluntary Union" of Canada and United States.

Kingston, Ont., Dec. 13.—Prof. Goldwin Smith is out with a reply to the speech of Justice Riddell last week before the Canadian club in New York, in which Judge Riddell said that the annexation sentiment is dead and that only one man in Canada is in favor of it, the reference clearly being to Prof. Smith.

In a letter from Toronto to the Daily Standard of this city, a newspaper which Prof. Goldwin Smith has lately used as a medium in Canada of expressing his views, Dr. Smith says:

"Sir: It seems that I have been represented as advocating 'annexation.' Let me assure you that I have studiously avoided the use of a term which implies submission on the part of Canada to the power of the United States. That which I think seems the dictate of nature, and likely as such to come to pass, is the voluntary union of the two great English-speaking communities on this continent for their mutual benefit and security. Social fusion seems to be already pretty complete. Yours faithfully, 'Goldwin Smith.'"

TEMPERANCE PEOPLE HOPEFUL.

Last Lap of Spirited Campaign Started in Manitoba.

Winnipeg, Man., Dec. 13.—The local option campaign in Manitoba, which has been the most extensive, thorough and strenuous temperance speaking campaign ever attempted in Canada, started on its final lap yesterday. The leaders of the temperance movement, on the strength of reports received from many points, are looking forward to a sweeping victory at the polls. The saloon has already been abolished in scores of the municipalities of the province, and the temperance element believes that the prospect is very good for the carrying of the local veto vote in at least half of the remaining 100 municipalities.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

HE PAID \$196 FOR HIS RIDE

From Washington, D. C., to New York, Saturday

John R. Early, Suspected of Having Leprosy, Could Not Be Carried by Usual Conveyance—Every Precaution Taken.

New York, Dec. 13.—The bill of lading may have read something like this: "John R. Early, former soldier in the United States army, alleged leper, place of shipment, Washington, D. C. Deliver to Dr. L. Duncan Bulkeley, No. 531 Madison avenue, New York."

In whatever way the bill of lading was worded, Early, a piece of freight, arrived here from Washington Saturday morning in a freight car. He was transported by the Baltimore & Ohio railroad, and he paid \$80 for his special delivery. He had the car all to himself, save that a soldier of the Salvation Army in Washington accompanied him.

Paid Freight with Pension Money.

Early weighs about 160 pounds, and the Baltimore & Ohio freight car will carry fifteen or twenty tons. But this creature, shunned, and to "pay the freight" and travel isolated in the cell-like car. To pay the freight, he drew in Washington \$196 back pension due him for fighting in the Philippines.

"All the money I have in the world," said this animated bit of baggage, without emotion.

Dr. Bulkeley, who knows much about diseases of the skin, has declared that Early is not a leper. Equally learned physicians of the medical department of the United States army think Early has leprosy, but they are not sure of it. Late he has been living with his wife and child in Virginia, but he was under guard.

Dr. Bulkeley was credited with saying Saturday night that the pension office check given to Early was fumigated before it was handed to him. Of course, if he has leprosy, the check should have been fumigated before he paid it over for his private freight car. Dr. Bulkeley would not tell Saturday night where Early was in hiding.

Won't Tell Hiding Place.

But the doctor did say, with emphasis, that Early will appear at a meeting of the New York Society of Medical Jurisprudence, No. 17 West Fourth street, to-night. Then, specialists in diseases of the skin will examine him.

Dr. Bulkeley said, too, that the attitude of the Washington health authorities toward Early had changed. Dr. Woodworth, a Washington board of health physician, who advised strongly against permitting Early to be at large during his last experience with the Washington authorities, took Early to the railroad station in his own auto and offered him the shelter of his lap robe.

At the station, Dr. Woodworth shook hands with the alleged leper. Dr. Bulkeley says Early asked Dr. Woodworth if he was not afraid to shake hands with him. The Washington physician said he was not personally afraid, but was forced to regard Early as a leper, until it is proved he is not.

AMUSEMENT NOTES.

Imperial Scots Concert Company Tuesday Night.

The Imperial Scots Concert Company in Scottish songs gave a programme replete with numbers that had a tendency to carry the audience back to the scenes of the land of the heather. The event, which was under the auspices of the St. Andrew's society, was a decided success from every point of view. Of course many besides the Scottish descendants attended the concert, and it was a concert that could not fail to please the people of any nationality. Encores were demanded of the soloists and of the entire company and an cheerfully given, some being called back a number of times, Mich., "Evening News."

At the Barre opera house Tuesday, December 14.

The Wrong Switch.

"Little boy," said the big electrician as he unpacked his tool kit, "your mother sent me to fix her switch. Where will I find it?"

"The little boy's eyes grew round."

"Sh!" he whispered cautiously.

"Mamma doesn't want everybody to know she wears a switch, but I guess you'll find it either on the bureau or on her head."

And ten minutes later the sounds that emanated from the woodshed told that there are other kinds of switches besides electrical and hair—St. Louis Post-Dispatch.

WEIGH YOURSELF BEFORE USING

Weigh yourself before commencing to use Samose, the great flesh-forming food. The wonderful sale on this preparation since first introduced in Barre, and the remarkable results following its use, have made D. F. Davis such an enthusiastic believer in the great value of Samose that he gives his personal guarantee to refund the money, if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but D. F. Davis has seen so many of his customers, who a few weeks ago looked like walking skeletons, become plump and well, solely through the use of Samose, that he feels he cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate the food and makes the user plump, well and happy.

NO MORE DISTRESS FROM THE STOMACH

All Misery from Dyspepsia, Gas, Indigestion and Heartburn Vanishes and You Will Feel Fine in Five Minutes.

Every family here ought to keep some Diapain in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you feel heartburn, there is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Diapain and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapain is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of dyspepsia, indigestion or any other stomach trouble.

MAID FACES BURGLAR IN EMPLOYERS HOME

Screams Bring Dr. Vanderpoole to Top of House, but Robber Vanishes Over the Roof.

New York, Dec. 13.—While Dr. John Vanderpoole, No. 56 West Fifty-second street, and his family were at dinner Saturday evening, they were startled by screams from the top floor of the house. The doctor rushed up, stopping only to get a revolver. He found a maid, whose name he knew simply as Edith, lying on the floor of her room in a faint.

After the doctor had revived her, she said, when she had gone into her room a few minutes before, the light of a lantern was flashed into her face, while a voice called out that if she made a sound she would be killed. She gave the screams that brought Dr. Vanderpoole, and then she became unconscious.

Policemen O'Brien and Pennington of the East Fifty-first street station, with several detectives from the Fourth Branch Detective agency, hurried to the house and made a search. They found a scuffle in the roof pried from its hinges. Though the skylight was equipped with a burglar alarm, nobody in the house heard it.

During the last few weeks, there have been several similar burglaries in the vicinity of Dr. Vanderpoole's house. On one occasion, the thief got away with \$500 worth of property. As a result, policemen in plain clothes have been especially detailed every night recently to watch the neighborhood.

HE SUSPECTED OFFICERS.

Rutland Hotel Man Thought They Brought Liquor in Raid.

Rutland, Dec. 13.—The Hotel Banquet on West street, John P. Kelly, proprietor, was raided Saturday afternoon by Sheriff E. C. Fish and Deputy Sheriffs Pascal, Rice and A. Barker of this city, and A. A. Leonard of Wallingford. The hotel was searched from top to bottom, every room being entered; but the only suspicious things which the officers discovered were several empty beer barrels and kegs, a 10-gallon can, which smelled of rum, and several empty bottles. All of these were confiscated and taken to the county courthouse. No arrests have been made.

Although Mr. Kelly submitted to the search without protest, he suspected that the officers had brought liquor with them, which they would pretend they found in the hotel. He insisted upon searching them, and after considerable argument, they submitted, but no liquor was found in their clothes.

WANTS A THIRD DIVORCE.

Wife Seeks Separation from Husband No. 3, After 17 Months.

St. Louis, Mo., Dec. 13.—Mrs. George A. Hiles, separated from two husbands by divorce, has sued for a third divorce. On a motion for alimony, pending a decision, she testified Saturday that she was without means.

Hiles testified that he was a widower with five children when he married Mrs. Minnie Kinschinsky seventeen months ago. He was encouraged to marry, he said, by her promise to divide \$8,000 equally with him. He swore he had never received any of the money.

KILLED HIMSELF ON TRAIN.

John Miller of Pittsburg Was Returning from Sanatorium.

Lancaster, Pa., Dec. 13.—John Miller of Pittsburg, superintendent of the Mellon buildings of Pittsburg, committed suicide yesterday afternoon in a Pullman car of the Pennsylvania railroad, while on his way home from a sanatorium. While eating with his wife, he drew a razor and slashed his throat before she realized his intention. Several men seized him, but too late. The man died while being carried from the train.

VERMONTER DROWNED IN WEST.

A Native of Bennington Was Aboard an Ill-fated Dredge.

Bennington, Dec. 13.—John Fradenburg, one of the six men who were drowned by the sinking of a dredge at Port Arthur, Ont., Friday, was a native of Bennington, where he lived until about six years ago. His brother and sister are living here, and he leaves a brother at Amsterdam, N. Y.

He was for a number of years a stationary engineer at the Cooper Manufacturing company.

THE PRAIRIE PULLED OFF

United States Cruiser Was Not Damaged

AGAIN ORDERED TO "WAR"

Rear-admiral Harris, Commanding Her, Expects That the Prairie Will Be Ready by the Middle of the Week.

Philadelphia, Dec. 13.—The transport Prairie, which grounded in the Delaware river while steaming down that waterway with 700 marines for Central America on the 24, was floated Saturday with the assistance of tug and dredges and after an examination at the Philadelphia navy-yard it was announced that she was not damaged. As soon as the orders were received from Washington late Saturday to again prepare the Prairie for sea, the force at the yard was at once put to work to carry out the instructions. All the stores and nearly all the coal lighted while the vessel was stuck in the mud and again being transferred to the ship.

Rear-admiral Harris, commandant of the navy-yard, said that it would probably be the middle of this week before the Prairie will be ready to sail. There are 350 marines at the naval station and the quota of 700 ordered by the department to proceed to Colon and a battalion for duty at the yard will have to be made up from other stations. It is expected that the Boston, New York, Washington and Norfolk navy-yards will be called upon to furnish the men needed.

MY WIFE'S ROMANCE

By T. DE WITT BOWMAN.

(Copyright, 1929, by American Press Association.)

When Jennie and I were in Washington on our bridal trip one of those periodical sales was announced where at the dead letter office disposes of the accumulated unclaimed packages. They are sold without any knowledge of their contents either on the part of the buyer or seller.

"Oh, let's go," said Jennie, "and buy a parcel. We may get a fortune for a few cents or a few dollars."

"More likely a pin cushion or a bundle of soiled clothes," I replied. But Jennie was making a beginning at having her own way, a habit that grows stronger with her every day, and we attended the auction. I proposed to bid on several articles, but Jennie stopped me, saying that she could tell by the shape of them what was inside. "That," she said, "is half a dozen stockings." The package was bought by a man standing near us, and, sure enough, when he opened it there were the stockings. I looked at Jennie, thunderstruck, but she did not seem to consider that she had done anything remarkable.

The articles opened by purchasers were of no value, and my wife soon gave up bidding for a fortune. Presently a small, rectangular, boxlike affair was put up. "Buy it," said Jennie. "It's a photograph of some one, and I'd like to know of whom." I bid the thing in, and Jennie and I retired to a corner to open it. As she predicted, there was a photograph. When I, astonished, asked her how she knew what the box contained she replied: "Any one would know by the size and shape. Oh, how lovely!" We turned the picture over, and on the back was written:

To My Dear Love: We shall triumph and be united at last. OOCIE

Vindale, Jan. 12, 1900.

"Ben," said my wife, "Providence has sent us here to unite two separated lovers. Look at those eyes. If ever eyes spoke those eyes speak."

"What do they say?" Oh, Ben, how can you ask? They say: 'Help! Take me to Wilfred.' Wilfred was the name on the package—Wilfred Brown.

"Do they say where he is?"

"No, but the writing says where she is. We must find her and tell her that he never got her picture."

Thus far I had fallen under my wife's influence. Now there welled up within me an incipient rebellion. I explained that the picture had been sent five years before and the couple had by this time several children to get the stomach ache eating green apples.

Bright and Steady The Rayo Lamp

A bright and steady light depends upon the construction of the lamp.

The best skill has put forth its best effort in perfecting the Rayo Lamp.

As the air is fed to the flame—so does the Rayo Lamp. The easy-flowing current of air through the air-tube of the Rayo Lamp secures a uniform light, with never a flicker or flare.

The ideal family lamp. Made of brass throughout and beautifully decorated.

The Rayo is a low-priced lamp, but you cannot get a better lamp at any price.

Once a Rayo user, always one.
